Our administrative

In each community the school system is one of the relatively large business enterprises, with its plant, employees, and a program that affects nearly every home. Working with the most priceless of all raw materials, the school produces the fabric of responsible citizenship in a free society. Its efficiency is reflected not so much from the size of its output as from the ability, energy, and vision of the people. Nationally and locally, the work of the School Board member is of first importance.

MARSHALS

Because he has the highest scholastic rating in the Senior Class, Jimmy Earnhardt was selected Chief Marshal. Only nine members of the graduating class are honored with the title, Marshal. Two of these nine people are alternates. Marshals are chosen according to their scholastic rating. The marshals, therefore, hold the nine highest averages in their class. The marshals' duty is to be present at all social functions held at the high school which require their services. They represent the school and the senior class and serve them both well.
